Subject: Extension of Time for Rabanco to Response to EPA Information/Document Request for East Waterway OU of Harbor Island Site

Dear Eric Murdock,

Thank you for contacting the United States Environmental Protection Agency (EPA) about the request for information and documents that the EPA issued to Rabanco Recycling, Inc. The request pertains to the East Waterway Operable Unit of the Harbor Island Superfund Site and was issued by the EPA pursuant to the Comprehensive Environmental Response, Compensation and Liability Act.

Due to complications related to the COVID-19 pandemic, Rabanco Recycling, Inc. has asked that the EPA provide additional time to respond to the request. The EPA is cognizant of many of the difficulties created by current conditions resulting from the COVID-19 pandemic and is therefore willing to provide additional time to respond to the request for information and documents. Rabanco Recycling, Inc. now has until Friday, July 17, 2020 to provide a response.

All other aspects of the EPA request remain as stated therein.

Respectfully,

Richard
